★★★★ Paul Pacult, Spirit Journal,

"...This is a trendsetting vodka that's  
squarely on target."

Anthony Dias Blue, Virtuoso Life,

"...its pure clean flavor, organic  
American origin and honest approach,  
Square One completely bypassed my  
[marketing bunk] filter."

Introducing Square One Organic Vodka, a certified organic vodka made from the finest 100% organic American Rye. Square One Organic Vodka is a great-tasting ultra premium

vodka that is luscious in a straight vodka martini and an exquisite partner in more complex culinary-style cocktails.

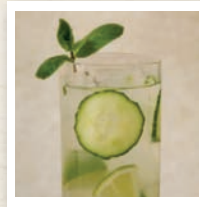

Mixologists across the country are defining a new cocktail generation. Big name brands and artificially flavored drink mixes are being replaced by wickedly creative cocktails made with hand pressed juices, fresh seasonal herbs and artisan made spirits. An invited sponsor to Gary Regan's esteemed "Cocktails in the

Country" mixologist seminars, Square One Organic Vodka is part of this cocktail resurgence.

As seen in Oprah Magazine, Fortune Small Business, Elle Magazine, Wine Enthusiast, and InStyle Magazine, Square One has captured the attention of the media, as well as mixologists, as a spirit that gets it right the first time.
