

The EcoAppletini

Created specially for the Square One sponsored Environmental Media Awards (EMA). The tangy scent of Granny Smith apples make this all-natural Appletini a true winner.

Recipe per drink

- 1 1/2 oz. Square One Organic Vodka infused with cinnamon (see infusion recipe below)
- 2 slices of organic Granny Smith apple
- 1 oz. organic apple juice
- 1/2 oz. organic agave nectar

Place one apple slice and agave nectar into a cocktail shaker and muddle with a muddling stick or back of a wooden spoon. Top with ice, cinnamon-infused Square One Organic Vodka, and apple juice and shake for 15 seconds. Strain and serve in a chilled martini glass with a floating thin slice of green apple for garnish.

Infusion - Place one small stick (about 2-3 inches) of organic cinnamon in a 750mL of Square One Vodka and let sit for 48 hours, turning the bottle to mix after the first 24 hours. (Careful -- don't exceed cinnamon quantity recommended here. Using too much cinnamon will create an overpowering cinnamon flavor that will hide the crisp apple flavors in the cocktail.)
